

## Transport

Pupils at Fiveways arrive at school via different transport methods. In the morning and after school, buses, taxis and parents are welcome on site to ensure the safe arrival and collection of our pupils. We employ a rigorous transition process at the end of the day,

We ask that drop-offs and collections by parents and carers are carried out from our main hall (accessed beside the garages to the side of the school building). The door is opened at 8:50am and 15:15 by a member of the Leadership team and parents will meet and handover with a member of the class team. Collections outside of these times will take place from reception.

For pupils transported by Somerset County Transport, please contact them directly on 01823 356967 if you need to change your transport arrangements. Opening times Monday-Friday 07.30-17.00.
